

EMPLOYEE SUCCESS STORY

Renata Hipolito
Sales Engineer

Renata Hipolito, Sales Engineer, brings a decade of experience in engineering, with expertise in sales, project management, and customer service. Holding a bachelor's degree in Electrical Engineering with a focus on Telecommunications and a master's degree in Business specializing in Leadership, Renata recently transitioned to the defense and space industries. In her first three months at Quantic Wenzel, she achieved significant sales milestones, including securing an order from a renowned research institution, aligning with her goal of collaborating with academia. She values the opportunity to contribute to frequency control and timing solutions that enhance safety and address mission-critical challenges. Proud of her Portuguese culture and heritage, Renata brings a unique approach and perspective to her work and relationships. Outside of work, she enjoys traveling with her husband and daughter, exploring new restaurants, and taking on creative home projects like decorating and gardening.

“

I'm driven to bridge our frequency control and timing solutions with the needs of academia and customers with mission-critical applications. I take great pride in contributing to projects that push technology forward and make a real difference.

-Renata Hipolito
